I was born in 1996 in Aydın. I completed my bachelor's degree in 2018 from Physiotherapy and Rehabilitation department at Nuh Naci Yazgan University. I am continuing my postgraduate education at Istanbul University-Cerrahpaşa Institute of Graduate Studies, Physiotherapy and Rehabilitation master's program with thesis. I have presentations at national and international meetings in various fields.

I am currently working as a Research Assistant at the Department of Physiotherapy and Rehabilitation at Istanbul Kent University Faculty of Health Sciences.

With this project, I met with different families and learned a lot. It made me very happy to see the positive changes and happiness of individuals with special needs and their mothers in this project, which was carried out with special needs individuals and their mothers in mind under pandemic conditions. I would like to thank Prof. Dr. Dilara Özer who providing the opportunity to be a part of such a project and team to me and also I would like to thank the individuals with special needs and their mothers and everyone who contributed to the project team.
